## ABOUT CHHATTISGARH COUNCIL OF SCIENCE AND TECHNOLOGY

The Chhattisgarh Council of Science and Technology, a nodal agency of Department of Science and Technology, Government of India in Chhattisgarh, was instituted in 2001 with a view to optimize sustainable development of the State through Science and Technology. Some of the major objectives of the council are, to identify the areas where Science and Technology input is required for progress of the state, to ensure better utilization of the resources of the state and to promote and popularize science for modernization of the state. The council has launched a program of promoting the young talent of the state by organizing 'Chhattisgarh Young Scientist Congress' every year. The Congress aims to identify budding scientists and provide encouragement to their research plans and programs.

## DR. S. P. MUKHERJEE INTERNATIONAL INSTITUTE OF INFORMATION TECHNOLOGY, NAYA RAIPUR

Dr Shyama Prasad Mukherjee IIT-Naya Raipur (IIIT-NR), established by the International Institute of Information Technology University Act, 2013 of the Government of Chhattisgarh, is a joint initiative of the Chhattisgarh State Government and National Thermal Power Corporation (NTPC). The institute is committed to pursuing excellence in higher education, research, and development in information technology (IT) and other associated disciplines. IIIT-NR firmly believes in bestowing knowledge dissemination and imparting entrepreneurial skills to the students to enable them to address real-world problems. To empower this vision, IIIT-NR provides state-of-the-art research and education facilities and nurtures a campus culture that fosters high energy and enthusiasm in every individual, clubbed with the highest standard of professionalism.

## ABOUT CHHATTISGARH YOUNG SCIENTIST CONGRESS

Chhattisgarh Young Scientist Congress (CYSC) was launched by Chhattisgarh Council of Science & Technology (CCOST), Raipur to promote the young talents of the state. Young Scientist Congress is organized every year to mark the discovery of "Raman Effect" by Indian Physicist Sir Chandrasekhar Venkata Raman on 28th February. The Main focus of the Chhattisgarh Young Scientist Congress is to provide a right platform for the upcoming enthusiastic young researchers and to promote them to excel in their fields. To promote young researchers from each discipline, it has been made a custom to felicitate one young researcher from each discipline based on the relevance of their research work and presentation in the Congress.
